

Streamline Passport

Door-to-Door Shipments Managed Entirely by Streamline

Let us handle it all with Streamline Passport, seamless door-to-door and door-to-ramp service to and from Mexico. Your shipment is managed entirely by Streamline, a wholly-owned subsidiary of Union Pacific. We coordinate and track your shipment every step of the way, from pick-up to final delivery. We track your freight throughout the shipping process and communicate its progress with you, allowing you to move intermodal loads to and from Mexico with confidence.

Through seamless connections with eastern railroads, we provide extensive market reach to and from Mexico. We also provide you tools to track your own freight through Shipment Management, Streamline's full visibility technology, so you can rest easy knowing your shipments will be delivered on time, intact and at an affordable price.

Reach More Major Mexico Markets

Streamline Passport routes include:

- Northbound and Southbound service
 - Midwest (Chicago)
 - West Coast (LA, POR, SEA)
 - Northeast
 - Canada
- Northbound service to the Southeast

How Streamline Passport Works

- Managed by Union Pacific/Streamline
- Managed by customer
- ✓ Customs clearance

Why Choose Streamline Passport?

- **Rely on a dedicated team of experts** to coordinate your shipment from pick-up to final delivery.
- **Stick to your schedule** with consistent and predictable services through truck-competitive reliability.
- **Ship when you need to ship.** We ensure you always have capacity available with access to EMP and UMAX equipment, the largest dedicated fleets of rail-provided containers.
- **Ship with peace of mind.** Receive updates on the progress of your shipment through every step of the process. Plus, you have the ability to track it yourself using Streamline's Shipment Management full-visibility technology.
- **Take advantage of cost-competitive rates** — annual, seasonal and spot rates are available.
