

OILS ITEMS CONSOLIDATION NOTICE

Items 1020, 1030 & 1040

In conjunction with the annual tariff renewal we have consolidated and streamlined the items 1020, 1030 & 1040 of UP tariff 4053. Following is a listing of changes, by item, and adjustments made to the items. In the few cases where adjustments in rate had to be made, they were done before the renewal was applied and listed in this notification. All adjustments are based on the column 3 rates (24,500 gallon - 27,499 gallon tankers). Please contact your sales rep for any questions about these changes.
