

# UNION PACIFIC LGBTQ+ Benefits Guide (Management)

Union Pacific is committed to providing comprehensive health and welfare benefits coverage for all management employees.

This LGBTQ+ Benefits Guide is an important step in furthering our values of inclusion in the healthcare space within Union Pacific. This guide is a vehicle to confidentially identify certain healthcare treatment options, easily identify points of contact to aid in understanding and accessing healthcare benefits, and readily reference links to critically important information regarding healthcare access.

*Please note that this document is not a guarantee that all services listed below will be covered. Instead, this document identifies certain healthcare services and treatment options that are provided by Union Pacific through the Union Pacific Corporation Group Health Plan's UHC and Blue Cross/Blue Shield options as well as resources to clarify these offerings.*

## **Union Pacific Corporation Group Health Plan ("Plan") Benefits**
