# Social Distancing at Workstations

45H PANELS      65H PANELS  
55H PANELS      6" DIAMETER

45" panels and lower are 'OPEN'  
55"H panels are 'SEATED PRIVACY'  
65"H panels are 'PRIVATE'

# Social Distancing in 3D

**A** - All workstations 6x6 or larger with 55"H or taller panels meet social distancing requirements

**B** - All workstations with 45"H panels and lower should be separated by one workstation in the front, back and side. (Essentially, a checkerboard pattern)

Workstations that have multiple panels heights should be addressed at the low panel location for separation, adding one workstation between each workstation.
