

FRIEND TO FRIEND NETWORK

Golf Tournament WINS BIG

While some captured honors for the competition at the Friend to Friend Golf Tournament, everyone walked away a winner — including many who weren't even there.

The May 17 tournament offered a clear, warm day for a round of golf with friends. It also served as another way to help railroad families with needed financial assistance.

Friend to Friend Network received about \$18,000 from the proceeds, according to Treasurer Richard Baldwin.

The tournament was made possible not only by its nearly 150 participants, but also its generous sponsors, which included Employee Clubs 1, 3 and 54, each of which sponsored a hole for \$200.

A very special team this year was sponsored by Cleo Erickson in memory of her late husband, John, who golfed in the tournament many years. Cleo currently serves as president for Employee Club 70, St. James, Minn.

Many people are grateful to the hole, team and prize sponsors who make the tournament possible — and successful — each year. There were 121 families who were helped by Friend to Friend during the month of the tournament. These 121 families received financial assistance they needed, totaling more than \$84,000 in May.

“This is something to be proud of,” Baldwin said. “Thank you to everyone for joining us. We will see you again next year.”

Mari Connor-Haase, center, Sprint strategic account manager; Marcus Bruns, fifth from left, Sprint regional account manager; and James McCaslen, right, Sprint network service manager, present a check for \$20,020 to, from left, UPEC Friend to Friend Network Committee Members Bill Verhoeff, Richard Baldwin, Bob Resch and Terry Wynn.

Rail Fest Raises Money, Spreads Awareness

North Platte, Neb., hosted the eighth annual Rail Fest, bringing rail fans and railroad families together for a celebration of and for the industry.

Once again this year, Rail Fest benefited Friend to Friend Network, hosting a booth at which employees could sign up for direct deposit contributions and learn more about how the network impacts the lives of people in need.

Friend to Friend ambassador and North Platte Lead Machinist Mark Thompson helped staff the booth again this year, a task in which he takes pride and satisfaction. He has been an outspoken advocate for the network since it was founded in 2004.

"I did some research on Friend to Friend and realized that it helps our co-workers and that a dollar in is a dollar out and 100 percent tax deductible," he said. "It's a cause I completely support."

Thompson and fellow North Platte Machinist Russ Muehlenkamp launched their own donation drive in 2005. They visited every lineup at the shop, service track and run-throughs,

signing up about 210 employees for direct deposit deductions equaling about \$1,700 per month.

Thompson brought that same spirit to Rail Fest, informing people that Friend to Friend Network relies on donations to achieve its mission of assisting fellow railroaders.

"You never know when tragedy is going to strike, and 100 percent of what we raise goes to help another railroader's family," he said.

Rail Fest also raised money for the network through a silent auction and raffle. Items were donated by individuals and local businesses.

"The carmen do a heck of a job getting donations and local business involvement," Thompson said. "People might be surprised how many people who've helped through the years."

He thanked everyone who continues to contribute through payroll deduction. If you or someone you know would like more information about Friend to Friend and ways it can help, please contact Thompson at 308-520-2763 or mdthomp1@up.com.

Rail Fest Fundraiser's New Headquarters

Generosity drives Friend to Friend Network. This year, one of its biggest fundraisers, Rail Fest, received a boost from the generosity of a local business.

Thanks to a contribution by Nebraskaland National Bank, Rail Fest has a new headquarters and a professional location from which to provide information.

Nebraskaland National Bank donated office space in its North Platte facility to serve as official headquarters and tourism-information destination for the annual celebration and other railroad-related events.

A dedication ceremony for the office occurred Sept. 16.

"We hope to have it manned with volunteers at designated times, but that is in the works right now," said Lead Carman Jerry Vieyra, who serves on Rail Fest and Friend to Friend Network committees. "We're very thankful to Nebraskaland National Bank for this donation. They are one of Rail Fest's biggest supporters."

Vieyra commended local Rail Fest volunteer Bernie McNulty, an avid railroad buff, for painting and other renovations to the office space.

"We will have information about the office on the Rail Fest website," he said. "We want it to be the North Platte railroad-related one-stop for information."

Friend to Friend First Vice President Bill Verhoeff, center, receives a donation from UPEC Chairman Richard Baldwin, right, accompanied by Vice President-Transportation Shane Keller.

89th Annual UPEC Convention

More than 200 Union Pacific employees, retirees and spouses, including 40 of 47 Union Pacific Employee Club delegates from throughout the system, gathered Aug. 13-16 in Sacramento, Calif. — the capital and home of the Tower Bridge, Delta King riverboat and California State Railroad Museum — for the 89th annual UPEC convention.

Amtrak's California Zephyr escorted more than 100 attendees to the event.

The main event included Pin Night and Charity Auction Aug. 13; a Hawaiian luau Theme Night with a disc jockey Aug. 14; an awards banquet and presentation ceremony with entertainment Aug. 15, and various business meetings throughout.

Approximately \$9,400 in charity auction proceeds were donated to three Sacramento-area charities, including Alongside Ministries, Loaves & Fishes and North Roseville R.E.C. Center. Friend to Friend Network also benefited from the graciousness of attendees. Throughout the past year, UPEC donated \$210,323 to charity.

Since its inception in April 2004, Friend to Friend Network has donated more

Houston Hosts Golf Tournament

Houston Service Unit employees teed off for a good cause June 1 during the 13th annual Union Pacific Spring Golf Classic Tournament. More than 120 golfers converged on WindRose Golf Club for a day of fun and sun on the links.

Sponsored by Union Pacific Employee Club 53, the annual tournament helped raise thousands of dollars for the Houston Food Bank, Shriners Hospitals for Children and the Friend to Friend Network.

Proceeds also went to benefit the American Cancer Society in the name of David Manning, a UP employee who recently lost his battle with cancer.

After the golfing was finished, raffle prizes were awarded, including a 55-inch TV and three Kindle Fire tablets.

For Aaron Tinnell, locomotive engineer, this year's Spring Golf Classic was his first.

"It was great to see everyone come together and raise money to help others while having fun doing it," he said.

The tournament's winning team includes, from left, Daniel Casares, and Mark Franklin, senior director-terminal operations, switchman/brakeman; Kal Kallenberter; Ed Blass and Brandon Sheridan.

From left, Casey Clark, manager-terminal operations, and Mark Franklin, senior director-terminal operations, take a break before teeing off.

Enjoying a day of golf are, from left, John Paul Matyisak, retired manager-terminal operations; Paul Jones, director-operations support; Tom Lischer, Houston Service Unit superintendent; Jim Brooks, manager-train operations; and Aaron Tinnell, locomotive engineer.

A representative from Alongside Ministries, center, receives a donation from UPEC Chairman Richard Baldwin, right, accompanied by Vice President-Transportation Shane Keller.

Caroline Nelson, director of North Roseville R.E.C. Center, center, receives a donation from UPEC Chairman Richard Baldwin, right, accompanied by Vice President-Transportation Shane Keller.

than \$4.6 million in charity. In 2012-2013, more than \$750,000 was gifted to 1,078 families. In June alone, the network surpassed \$84,700 in charitable donations.

This year, a primary focus of the UPEC and its Executive Committee is to stimulate new membership and greater employee involvement, especially within the ranks.

Views of the Colorado River greet more than 100 UPEC members traveling to this year's UPEC convention.

Wynn Pivotal to Friend to Friend

Serving as first vice president since its inception, Terry Wynn has helped foster the Friend to Friend Network's mission of employees helping employees.

"The network was created for employees, is supported by employees and benefits employees," he said. "Being a part of helping railroaders help fellow railroaders is my biggest reward."

Since August, Wynn has proudly led the network as president. His goal is to continue to grow Friend to Friend by increasing awareness of its existence and purpose, and by getting more employees involved as a result.

The network's website is undergoing updates to make it more user-friendly. Visitors will be able to access information and learn how to contact the network with greater ease.

Also since August, Wynn has served as chairman of the UP Employee Club Executive Committee. He finished his first four-year term with the committee in 2004 as vice chairman.

"This is my last year to be part of the UPEC Executive Committee and this year was the right time to make my contribution as chairman," Wynn said.

Friend to Friend Network President Terry Wynn

Although he admittedly promised he'd never put himself on the ballot for the esteemed role, his growing commitment to the organization made his decision easy.

"I'd like to witness and continue to help foster growth," Wynn said. "People don't realize how much fun being a part of the UPECs is and what great times are enjoyed at the annual convention. Everyone is busy, but it is worth your time."

He encourages not only retirees, but also employees of all ages to participate.

Wynn joined the railroad in July 1969 as a seasonal employee in Omaha, loading boxcars for the store department.

Although his initial plan was to complete an architectural and design degree from Kansas State University, he quickly realized a college degree was not required to build a successful railroad career.

Shortly after joining the industry, Wynn was offered full-time employment in the store department mail room.

The rest is history.

Wynn also worked in the banking and accounting departments at UP headquarters. He served 13 years as an Electronic Data Interchange administrator in the financial department until his October 2010 retirement.

The Prescott, Iowa, native and Omaha resident has been married 42 years to his wife, Angie. They have two daughters, Teri and Sally, and six grandchildren.
