88th Annual UPEC Convention: Awards Ceremony

Throughout the past year, nearly 6,500 Union Pacific Employee Club members have bettered lives through a multitude of distinctive humanitarian efforts.

Nearly 50 club delegates from throughout UP's 23-state system drove more than 205,000 miles, volunteered approximately 75,000 hours of community service, solicited more than \$1.76 million in donations and

enhanced their communities by assisting others and increasing club membership.

For their contributions, exceptional clubs received recognition in August at the Denver awards banquet.

Jay Everett, Denver Service Unit general superintendent, and his wife, Nancy;

Anne Walsh, director-employee communications, celebrates UPECs' nationwide success and UP's 150th anniversary at the 88th annual UPEC Convention in Denver.

Chairman Skip Reed Thanks Executive Committee/ Executive Task Committee and Challenges All 51 Clubs

Many UPEC members from across the system celebrated a successful past year at the 88th annual convention at Denver's Renaissance Hotel, Aug 7-10.

Congratulations to the 6,400-plus club members for their tireless devotion to helping people in our country through community service, charities, and the saving of lives through a UPRR employee's idea of Operation Lifesaver that ultimately went national.

My gratitude and thanks to another group of people who work hard all year organizing and putting on the annual convention. Most of them

Cindy Haas, Denver Service Unit director-operations support; and more than a dozen other DSU employees attended to show local support.

"The Employee Clubs mirror the best qualities of Union Pacific as it celebrates its 150th anniversary — service, commitment and community involvement," said Anne Walsh, director-employee communications. "Through decades of support, the clubs have helped make UP the greatest railroad in the world."

Keynote speaker Rob Knight, executive vice president and chief financial officer, talked about UP's safety results, network performance, industry and financial trends, 2011 business mix including investments and returns, 2012 standings and business levels and the growing impact of North American shale.

Skip Reed, UPEC Executive Committee chairman; Richard Baldwin, UPEC Executive Committee vice chairman; Knight; and Walsh presented the following awards to clubs for jobs well done throughout the past calendar year:

2012-2013 Executive Committee and Executive Task Committee

Leadership sets the tone for the entire body. Poised for success in their new roles, the 2012-2013 Executive Committee was elected Aug. 7-10 at the convention.

Those elected by acclamation on the 2012-2013 Executive Committee — Vice President Larry Rathjen, Club 83, Sparks, Nev., and President Rod Ury, Club 8, North Platte, Neb., — stood before a group of their peers, explained their desire to accept the responsibility and disclosed their relevant skills and experience.

Following the convention, the new Executive Committee contacted individuals to see if they would agree to serve on the committee. The results are that the two vacant positions of treasurer and vice president-development have been filled by President Loren Clark of Club 30, The Dalles, Oregon, and President Dale

88th Annual UPEC Convention: Aug. 7-10

Approximately 200 Union Pacific employees, retirees and spouses, including nearly 50 UPEC delegates from throughout the system, assembled Aug. 7-10 in Denver for the 88th annual UPEC Convention.

Amtrak safely transported more than 30 attendees to the event. The convention included a Pin Night and Charity Auction Aug. 7; a theme night with entertainment Aug. 8; an awards banquet and presentation ceremony with entertainment Aug. 9, and various business meetings throughout.

Approximately \$12,500 in charity auction proceeds were raised. With \$4,500 designated solely for UPEC Friend to Friend Network, the remaining \$8,000 were divided evenly among Children's Hospital Colorado, National Jewish Health and UPEC Friend to Friend Network. Throughout the past year,

UPEC donated nearly \$200,000 to charity.

In 2011, UPEC Friend to Friend Network set new records, giving \$730,600 and helping a record 1,144 railroad families in need. In 2010, the network helped 969 railroad families. Since the network's inception in April 2004, more than \$3.9 million has supported the mission.

UPEC's August donation of more than \$7,100 will aid 10 families in crisis with \$700 in assistance for each family.

This year, UP's 150th anniversary was a primary focus of the Employee Clubs and the Executive Committee. Special anniversary celebrations provided additional opportunities to stimulate new membership and greater employee involvement, especially within the ranks.

88th Annual UPEC Convention: Theme Night — Pirates of the Colorado

Early 20th century pirates deemed the Caribbean a great place to inhabit because little to no law existed and many merchant vessels passed through uninhabited islands that served as perfect hideouts.

But they didn't limit themselves to one geographic area. They frequented the Indian Ocean, southern Asia and Africa's west coast.

Just as their ancestors did, early 21st century

pirates traveled far and wide before arriving at Denver's Renaissance Hotel Aug. 8 for "Pirates of the Colorado," the UPEC Convention Theme Night.

Costumed delegates, employees, retirees and their spouses from throughout the system gathered for a night of rest, relaxation and friendly conversation.

After dinner, a local disc jockey entertained attendees.

take four years out of their normal life's routine at the local club level. They are the members of the Executive Committee and the Executive Task Committee. They volunteered and work tirelessly to help keep this organization moving forward. Here's a challenge for all 51 of the local clubs, next year, let's see 10 resumes from you to run for the open positions on the Executive Committee. We all need to take our turn.

88th Annual UPEC Convention: Charity Auction/Pin Night

Without second thought, Union Pacific Employee Club members and service unit employees systemwide graciously loaded the auction block Aug. 7 with more than 225 pieces of clothing, keepsakes, handmade crafts and nostalgic railroad items.

Cleve Cox, 2011-2012 Executive Committee vice president-safety; and Bob Moore, 2011-2012 Executive Committee vice president-policy, played host, called bids and entertained the crowd.

A locomotive bell, an annual crowd favorite, proved to be the most lucrative item of its kind, unrivaled by past years.

Rod Ury, Club 8 president, North Platte, Neb., purchased the brass beacon for \$2,700, then donated the item back to the cause. The second time the bell hit the auction block, Pam Fogle, Club 61 president, Council Bluffs, Iowa, pledged a winning bid of \$1,550.

Ury also bought a UP model train set for \$1,300. Again, he immediately returned it to the auction block. The set secured an additional \$170 toward the cause.

Approximately \$12,500 in charity auction proceeds were raised, with \$4,500 designated solely for UPEC Friend to Friend Network. The remaining \$8,000 was divided evenly among Children's Hospital Colorado, National Jewish Health and UPEC Friend to Friend Network.

The network donates \$700 in assistance to each family. The UPEC's August donation of more than \$7,100 will aid 10 families in crisis.

Laurie Van Sickle, NJH associate director development and major gifts, accepted the \$2,677 check. Jennifer Beck, NJH senior director development communications, said the donation will help the organization "further heal, discover and educate patients; continue respiratory, cardiac and immune disease research to benefit patients worldwide; and afford patients the care they need, regardless of their financial situation."

"This is a generous donation," she said.

But first, the annual state Employee Club lapel pin exchange served as casual means for new members to meet existing ones and longtime friends and colleagues to get reacquainted with one another before the auction began.

Top Brass Club

This club voted at the 2011 convention to change its name to Top Brass Club rather than be called Past Presidents Club because of the confusion in the terminology. The members of this club have served as Past Chairmen or Past Presidents on the Executive Committees or the General Committees. The term president now refers to the local club presidents.

Members of the Top Brass Club present at this year's meeting are, from left, front row, Ernie Flament, Marjorie Vogel, Bev Thrall, Phyllis Flament and Dorothy Walker; middle row, Larry Goodridge, Kevin Hanlon, Richard Baldwin, Bob Resch, Loren Clark, Gene Packer, Mike Roe, Jim Coker, Sallie Foster and

Dave Melville; and back row, Dave Duncan, Skip Reed and Bill Verhoeff.

President Gene Packer and Marjorie Vogel conducted the meeting. The officers for the 2012-2013 term are President Kevin Hanlon, Vice President Jim Coker, and Secretary Marjorie Vogel.

Don't Miss the 89th Annual UPEC Convention

Update your calendar now to include next year's 89th annual UPEC Convention, Aug. 13-16, in Sacramento, Calif.

The Hilton Sacramento Arden West on Harvard Street awaits you. Many other great attractions also beg your attention such as the California Military Museum, the riverfront and Delta King riverboat, Napa Vineyards, Old Sacramento and the Tower Bridge.

The theme for the 2013 convention will be "Growth" and Theme Night will be a Hawaiian luau.

The 2014 event will take place in either Las Vegas or Reno, Nev.
