

# 5 TRANSPORTATION MYTHS BUSTED

1

## YOU CAN'T USE RAIL IF YOU DON'T HAVE TRACKS

### THE REALITY

Transloading and intermodal shipping make it possible for virtually any shipper to use rail.

2

## MULTIPLE CARRIERS = NO VISIBILITY

### THE REALITY

Technological advancements have allowed shippers to track their products in real time across carriers.

3

## LOGISTICS COMPANIES DON'T OFFER VALUE

### THE REALITY

Logistics companies can improve visibility, enhance the customer experience and improve your supply chain to save you money.

4

## THE ELD RULE DOESN'T APPLY TO ME

### THE REALITY

The ELD Rule has resulted in tighter truck capacity and higher rates, which can affect your supply chain — and your transportation budget.

5

## YOU CAN'T SHIP INTERNATIONALLY WITH RAIL

### THE REALITY

You can ship across the border with rail as well as to ports for export.
